Jörg Weber

Curriculum Vitæ

Personal information

Title	Dr. rer. nat.
Date of birth	2nd April 1993
Gender	male
Nationality	German
Address	Oskar-Morgenstern-Platz 1, 1090 Vienna, Austria
Email	joerg.weber@univie.ac.at
ORCID	0000-0003-3631-7491

Work experience

10/2023–	**Moritz Schlick postdoctoral fellow**, *University of Vienna*, Faculty of Mathematics
09/2023–10/2023	**Junior fellow**, *Institut Mittag-Leffler*
09/2022–08/2023	**Researcher**, *Lund University*, Centre for Mathematical Sciences
09/2020–08/2022	**Postdoctoral fellow**, *Lund University*, Centre for Mathematical Sciences
10/2016–08/2020	**Research assistant**, *University of Bayreuth*, Department of Mathematics

Education

01/2017–07/2020	**Ph.D.**, *University of Bayreuth*, Department of Mathematics
2014–2016	**Master**, *University of Bayreuth*, Mathematics, secondary subject Physics
2011–2014	**Bachelor**, *University of Bayreuth*, Mathematics, secondary subject Physics

PhD thesis

title	*The Relativistic Vlasov–Maxwell System with External Electromagnetic Fields*
supervisor	Prof. Dr. Gerhard Rein

Conferences and seminars with own presentation

2024	Invited talk at conference *Fluid Flows – Analysis and Modelling*, University of Vienna

Invited talk at *GAMM Annual Meeting 2024*, University of Magdeburg

Invited talk in *Applied Analysis Seminar*, Saarland University

2023 Invited talk in *MCMP Seminar* (for Master students in mathematics and physics), University of Vienna

Invited talk in *Brown PDE Seminar*, Brown University

Invited talk in programme *Order and Randomness in Partial Differential Equations*, Institut Mittag-Leffler, Stockholm

Invited talk in programme *Mathematical Problems in Fluid Dynamics, part 2*, Simons Laufer Mathematical Sciences Institute, Berkeley

Invited talk in *Differential Equations Seminar*, University of Missouri

Invited talk in joint seminar *Asymptotic Models in Fluid Dynamics*, Lund University and University of Stuttgart

2022 Invited talk at *Vienna School of Mathematics*, University of Vienna

Invited talk in *Analysis and Probability Seminar*, Chalmers University of Technology

Poster in *Workshop on spatial dynamics and related approaches*, University of Stuttgart

Talk at *SIAM Conference on Nonlinear Waves and Coherent Structures*, University of Bremen

Invited talk in seminar *Nonlinear problems in Mathematical Physics*, University of Bayreuth

Invited talk in workshop *New Directions in Water Waves*, University of Bath

Poster at conference *When Kinetic Theory meets Fluid Mechanics*, ETH Zürich

Invited talk in *DNA seminar*, Norwegian University of Science and Technology

Poster at *SIAM Conference on Analysis of Partial Differential Equations* (held online)

Talk at *Conference on Mathematics of Wave Phenomena*, Karlsruhe Institute of Technology

2021 Invited talk in *Differential Equations Seminar*, University of Missouri

Talk at *4th IMA Conference on Nonlinearity and Coherent Structures*, Loughborough University

Invited talk in *IntComSin Kolloquium*, University of Regensburg

2020 Talk in *Seminar on Analysis, Geometry, and PDEs*, Lund University

Invited talk in *CAA seminar*, University of Erlangen-Nürnberg

2019 Talk at winter school *Gradient Flows and Variational Methods in PDEs*, University of Ulm

Talk at conference *ENUMATH 2019*, Delft University of Technology

Invited talk in *Analysis and Probability Seminar*, Chalmers University of Technology

Talk at *GAMM Annual Meeting 2019*, University of Vienna

2017 Talk at *Young Researchers Meeting & CSE Workshop 2017*, University of Hamburg

Additional conferences and programmes participated in

2023 *Courant PIs Workshop* and annual meeting *Simons Collaboration on Wave Turbulence*, Courant Institute of Mathematical Sciences and Simons Foundation, New York

Abel symposium, Orkanger

Conference *Aspects of Nonlinear Evolution*, Leibniz University Hannover

2022 Seminar *Free Boundary Problems in Fluid Dynamics*, Oberwolfach seminar

Programme *Mathematical Perspectives of Gravitation beyond the Vacuum Regime*, ESI, University of Vienna (online)

2021 Programme *Mathematical Problems in Fluid Dynamics*, Mathematical Sciences Research Institute, Berkeley (online)

Teaching

Lectures

2023S *Ordinary Differential Equations II* (Master level), Lund University; designed the course content and created lecture notes; held all lectures (twice per week, in total 18); designed and marked written and oral exams

2022S *Fourier Analysis* (Master level), Lund University; designed the course content and created lecture notes; held all lectures (twice per week, in total 16) and seminars (once per week, in total 8) as the only teacher; designed and marked written and oral exams

2021W *Linear Analysis* (Bachelor level), Lund University; designed the course content and created lecture notes; held all lectures (twice per week, in total 18); designed and marked written and oral exams

Seminars

2024S *Introduction to Mathematical Methodology*, University of Vienna; held exercise classes

2024S *Bachelor seminar*, University of Vienna; provided platform for students to work towards and present their Bachelor thesis

2020S *Advanced Complex Analysis*, University of Bayreuth; held and organised seminars; marked written exams

2019W *Introduction to Ordinary Differential Equations*, University of Bayreuth; held and organised seminars; marked written exams

2018S *Introduction to Advanced Analysis*, University of Bayreuth; held and organised seminars

2018W *Vector Calculus & Advanced Mathematics for Physicists B*, University of Bayreuth; held and organised seminars; marked written exams

2014–2019 *Analysis 1* and *Analysis 2* (several times), University of Bayreuth; held and organised seminars; designed and marked written exams

Taken courses in teacher training

2022 *Teaching and Learning in Higher Education*, Lund University

(Co-)Supervision

Master's thesis

2023 Anna-Mariya Otsetova, Lund University

Bachelor's thesis

2023 Abhijeet Vats, Lund University

2021 Yining Zhu, Lund University

Grants

2023 *The Fund of the Walter Gyllenberg Foundation* project *Localised pure-gravity water waves*, The Royal Physiographic Society in Lund, 46,000 SEK

2022 Travel funding for *Workshop on spatial dynamics and related approaches*, University of Stuttgart; *When Kinetic Theory meets Fluid Mechanics*, ETH Zürich; *Conference on Mathematics of Wave Phenomena*, Karlsruhe Institute of Technology (obsolete; conference was held online due to Covid-19)

Fellowships and Awards

2023 *Junior fellowship*, Institut Mittag-Leffler

2023 *Seal of Excellence* of the European Commission for a high-quality project proposal submitted under the call for Marie Skłodowska-Curie Actions Postdoctoral Fellowships 2022

2017 Nominated for *Teaching Award of the Faculty of Mathematics, Physics & Computer Sciences*, University of Bayreuth

Service

Referee for *Advances in Nonlinear Analysis*, *Classical and Quantum Gravity*, *Journal of Differential Equations*, *Journal of Mathematical Fluid Mechanics*, *Mathematical Methods in the Applied Sciences*, *Plasma Physics and Controlled Fusion*, *Zeitschrift für angewandte Mathematik und Physik*

2023 Examiner of Master's thesis of Francisco Carvalho, Lund University

Events

2023 Organisation of *Postdoc/PhD seminar* at Institut Mittag-Leffler

2021–2023 Co-organisation of *Seminar on Analysis, Geometry and PDEs* at Lund University

Computer skills

C++, HTML, LaTeX, Maple, Mathematica, MATLAB, Office

Languages

native German

fluent English

intermediate Swedish

Preprints

[1] J. Bartsch, P. Knopf, S. Scheurer and J. Weber. *Controlling a Vlasov–Poisson plasma by a Particle-In-Cell method based on a Monte Carlo framework*. To appear in *SIAM J. Control Optim.* arXiv: 2304.02083.
